WETS

Get a warm and safe winter with Nordic Grip Wets

Wets is a lined ankle boot that is 100 percent waterproof and provides good grip on both ice, snow and slushy roads. It is equipped with patented IceLock technology, a spike-free anti-slip mechanism that allows you to use the shoe on any surface and floor without worrying about causing any damage. The boot was also named winner of the Red Dot Design Award for high design quality.
