Behind the Sketch

INTRODUCING ANNE DIJKSTRA

Whether she's kitesurfing, surfing or shredding down the slopes, Anne's passion for sports knows no bounds, as long as she's out there.

With her creative eye, passion for photo- & videography and illustrating skills, this stunner is the face behind two fine line artworks in our newest SS25 collection.

BRUNOTTI x Aloha

Adorned with beachy charms from At Aloha, a surf-inspired jewelry brand, this exciting new collaboration celebrates our love for the ocean in every stitch!

Crafted from recycled fishnets, these stylish and surfy bikinis are made with love for and from the ocean.

MEET KELLY
Founder of At Aloha

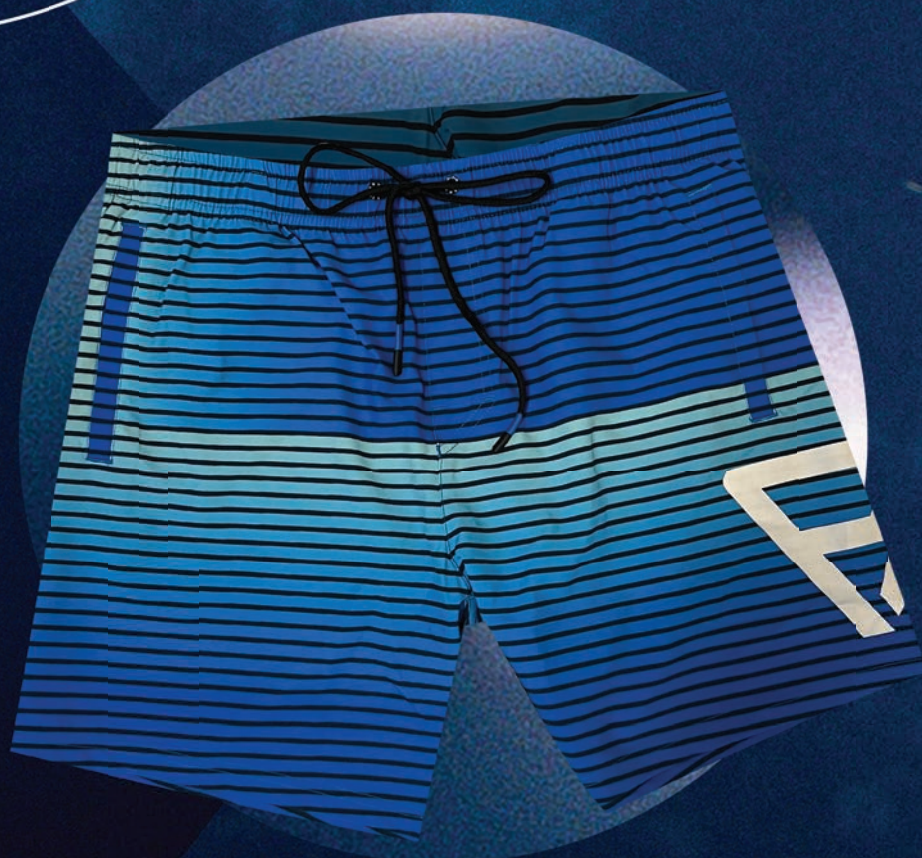

Recycled plastic bottles
are collected

Recycled plastic bottles
are cleaned, chopped and
melted into little plastic chips

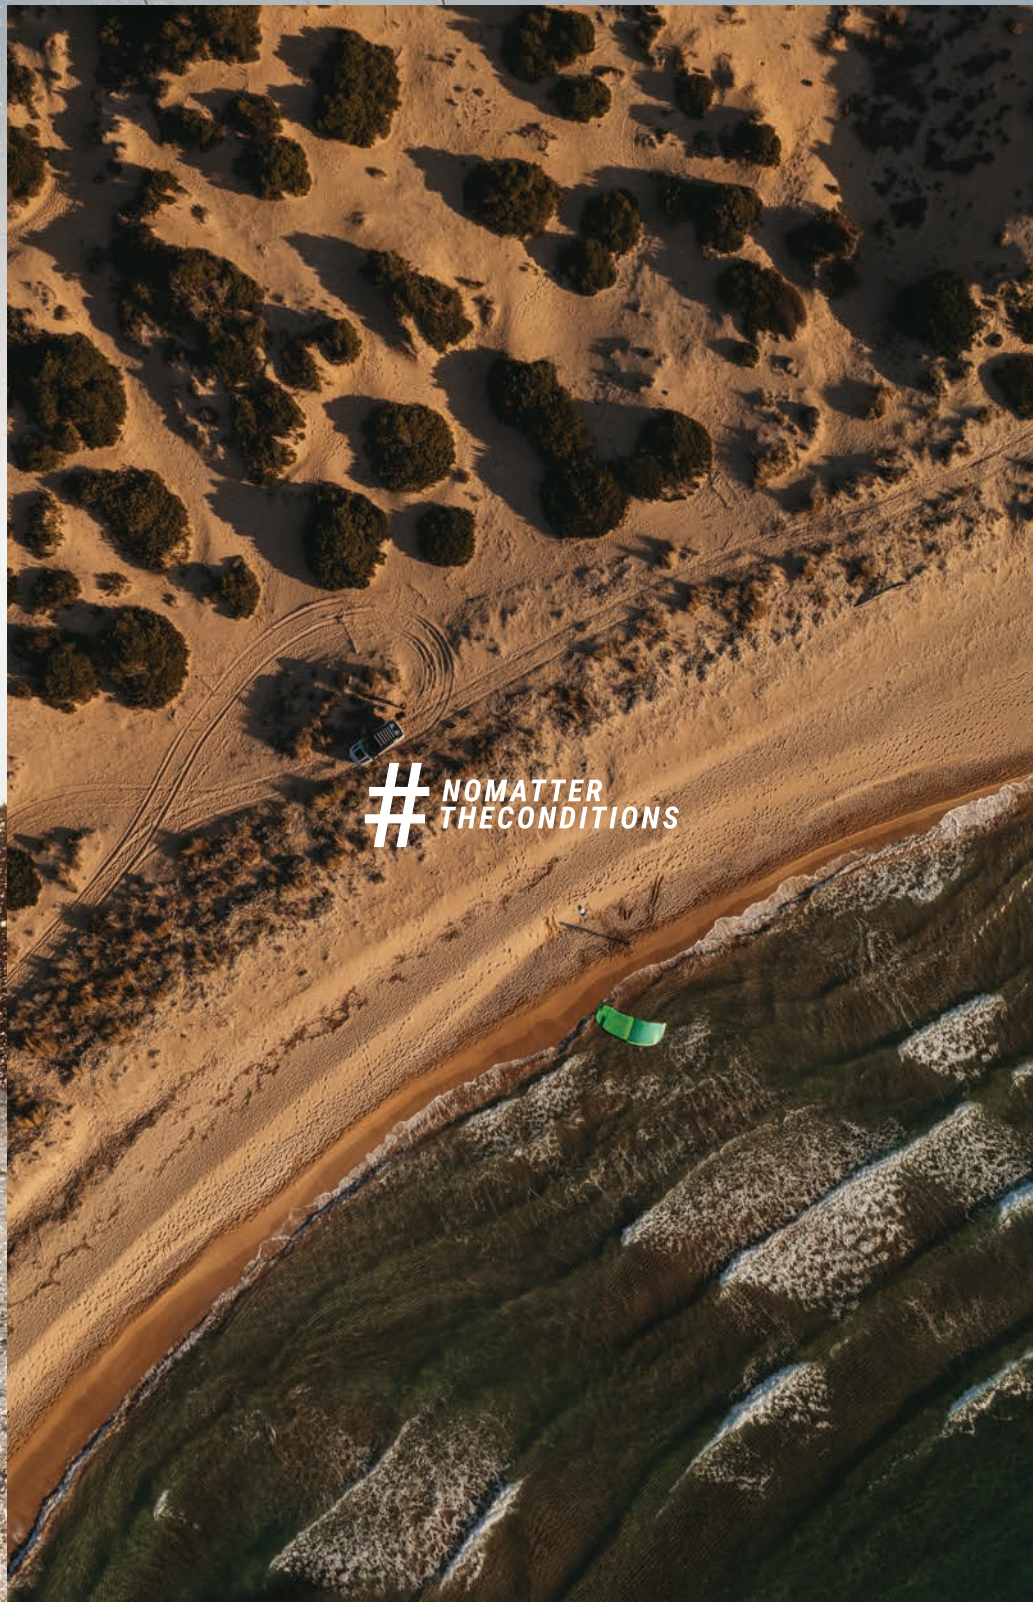

Plastic chips
are transformed into
repreve recycled fiber.
And made into fabrics

ROTATE LOCK SHAFT

For efficient paddling you want a shaft that can be adjusted to your size, but at the same time offer rigidity, in both length and rotation. To ensure this we developed the Rotate Lock Shaft. Offering great rigidity and eliminating rotational movement by supporting the shaft with double fixtures.

DYNAMIC POWER BLADE

Everything that propels you when paddling is the blade of your paddle. Therefor the shape and material are key to its performance. Our Dynamic Power Blade combines a composite blade material with a pre-curved dynamic shape. This combination releases all power during your stroke, which leads to extremely efficient paddling.
